Foreword

With multiple revolution in science and technology, health and paramedical, agriculture, business and commerce, all occurring simultaneously across the globe, the developing countries are required keep pace with developments in various fields. Keeping this in view, India has placed a high priority in the area of human resource development for providing appropriate responses to various challenges. In this endeavour, the School Education has to play a vital role to place the developmental frame of the country on a sound pedestal.

The Central Board of Secondary Education (CBSE) has been endeavouring to ensure qualitative improvement in school education to meet the educational challenges through improvement in curriculum, study material, teaching learning strategies and methods of pupil evaluation. It is our endeavour to ensure that the schools affiliated with the Board maintain high standards in school education. As on 01.01.2019, there are 21347 CBSE affiliated schools throughout India and in several foreign countries.

We have been endeavouring that rules and regulations etc., about various programmes and activities of this Board remain transparent and easily accessible for the clientele (students, their parents and general public).

Many of the documents of CBSE have been placed on its website www.cbse.nic.in, the constitution of CBSE at its Headquarters at Delhi and the Regional Offices continue to provide requisite informational inputs to the queries of students and others.

As regards various queries about the examination system of CBSE, this Board has proposed a compendium of “Frequently Asked Questions” (FAQs) in the context of

- (i) Secondary School Certificate Examination, and
- (ii) Senior School Certificate Examination.

The idea behind preparation of the documents is that whosoever needs information about the Examination System of CBSE, it is readily available to him/her. They may not be required to cull out information from detailed Examination Bye-laws of CBSE and circulars etc.

I am sure that this Handbook will prove useful for the students, parents, educational planners and administrators, CBSE affiliated schools, constituents of the Board and general public. We will place this document on our website to facilitate its dissemination.

I appreciate the efforts made by Dr. Sanyam Bhardwaj, Controller of Examinations and Mrs. Kavita Vazirani, Deputy Secretary, CBSE in constitution of the Handbook. Comments and suggestions about this documents are welcome.

Preface

A human being is a positive asset and a precious national resource which needs to be cherished, nurtured and developed with tendemess and care, coupled with dynamism. Each individual's growth presents a different range of problems, requirements and challenges, the responses to which needs to be provided by catalytic action of Education which needs to be planned meticulously and executed with great ingenuity. As a result of planning and implementation of large scale school education programs by the Central Government and the State Governments, the country has witnessed exponential growth of students pursuing school education.

The educational programmes at all stages of school education culminate into assessment of students in various ways and certification. The educational programmes are required to ensure that a student undergoing and completing school education programmes becomes a good individual and a useful member of the society.

The National Policy on Education (NPE 1986/1992) has suggested certain imperatives in the evaluation process and examination reform.

Some of the imperatives suggested by NPE are as follows:

- Assessment of students as an integral part of teaching and learning should ensure that it proves to be a valid and reliable measure of student development and powerful instrument of improving teaching and learning.
- In functional terms, this would mean:

- i. elimination of excessive element of chance and subjectively
- ii. de-emphasis of memorization
- iii. effective use of evaluation process by teachers, students and parents.
- iv. improvement in the conduct of examinations
- v. use of Grades in place of marks

The Central Board of Secondary Education (CBSE) places “Quality Assurance in School Education” on the top of its Agenda right from affiliation of schools to the teaching-learning strategies and assessment and certification of students. The increasing growth of CBSE schools in various States of India and in several foreign countries is a testimony to this observation. The products of the CBSE affiliated schools are appreciated in the national and international arena, particularly in the field of higher education. It is all due to untiring dedication of staff and faculty in the schools and in the constituents of CBSE.

The CBSE conducts the two following external examinations:

- I. Secondary School Examination
- II. Senior School Certificate Examination

The CBSE has made an elaborate framework for planning, conducting, monitoring and certification in respect of the external school education examinations being conducted by it annually. It has well documented Examination Bye-laws incorporating detailed information about admission to schools, admission to examinations, requirements for registration of candidates (both regular and private), examination fees, facilities for differently abled students, fixation of examination centres, scheme of examinations

and certification, improvement of performance, paper setting, marking scheme, award of marks/grades, certificates, merit scholarship for single girl child and equivalence of examinations etc. The Examination Bye-laws of CBSE have been placed on its website www.cbse.nic.in for easy access.

The students, parents and general public make queries quite often about the examination system of CBSE. It may sometimes be difficult for them to cull out required information from the documents of the Board placed on its website. The constituents of CBSE and its affiliated schools have been responding to the queries of the students, parents etc., about the examination system. It has been felt for quite sometime that it would be in the fitness of things if a compendium of “Frequently Asked Questions” about the examination system of CBSE is prepared and disseminated widely through the print and the non-print modes. In order to respond to felt need, the department of evaluation of the CBSE has developed a document on the Frequently Asked Questions about its examinations. We are pleased to put the document in the hand of our valued clientele and others.

We invite comments and suggestions on the context and usefulness of this Handbook.
